

WATER IS LIFE NATURE IS HOME

## Khao Sok Jungle Discovery - 2 Day Tour

This overnight tour will bring you even a bit closer to the jungle. For the night we stay in a "tree house", a so-called Tree Top Bungalow with stunning good-morning views into the canopy of the forest. Our activities for the two days will include guided jungle treks, explorations in the river-canoe, on foot into caves and valleys of the rainforest and of course on the back of an elephant as well. With a bit of luck we can see the world's biggest flower, the Rafflesia that blooms nearly all year round in different locations of the Park, listen to the call of the Gibbon in the afternoon or you just enjoy the scenery passing by while floating down the Sok river on a tube

## Khao Sok Lake Explorer - 2 Day Tour

An even deeper exploration into the remoteness of the National Park is offered when you join us for the "Cheow Lan Lake" and check in at the Bamboo Raft Bungalows that float on the lake. Nowhere in Thailand can one find a more spectacular setting than the flooded reservoir of Cheow Lan -165 sq.km in the heart of the NP. Limestone "karsts" rise vertically here from the 200 meter deep lake to stunning elevations of 900 meters. From here you have access to parts of the jungle that would otherwise take up to a week of trekking on foot to be reached. Don't miss out the swimming and canoeing in and on the refreshing waters of the lake. Our activity options include: Mountain climbing, Canoeing, Caving, Swimming, Trekking, etc.
